

iPRES 2016
 13th International Conference
 on Digital Preservation //
 Bern // October 3–6, 2016

WHAT SHOULD HAPPEN #NEXTYEAR IN DIGITAL PRESERVATION?

Our colleagues from iPRES 2015 put out a call during the conference for digital preservation trends and ideas that should happen next year (2015-2016). People tweeted their contributions with the hashtags #nextyear #ipres2015. The iPRES 2016 Programme Committee has analysed these tweets, summarised below.

Topic of the Tweet	Happened?	Examples
Email archiving tools progress	YES	https://library.stanford.edu/projects/epadd; http://library.harvard.edu/03092016-1642/email-archiving-stewardship-workshop
Code of conduct for iPRES	NO	It wasn't relevant for iPRES yet, but might be discussed further in the iPRES Steering Group
Online news preservation	YES	Dodging the memory hole https://www.rjionline.org/dtmh2016
Dig Pres videos	YES	Persistent Identifiers video's at http://www.ncdd.nl/en/ncdd-projects/digital-heritage-network/project-persistent-identifiers/ ; also http://scape-project.eu/tag/video
Collaborate on DigiPres Commons	YES	http://qanda.digipres.org/
Web archiving ethics discussions	YES	https://library.stanford.edu/blogs/digital-library-blog/2015/12/questions-ethics-web-archives-2015
Promote dig pres within information governance	DON'T KNOW	
More tools for appraisal, pre-ingest	YES	https://mediarea.net/MediaConch/

JISC RDM Shared Services includes preservation	NO	
Redeploy very old complex environments	DON'T KNOW	
Share file format validation errors	YES	Preforma conference http://opensourceworkshop.preforma-project.eu/ , FITS, OPF Document interest group shares info about JHOVE error messages http://wiki.opf-labs.org/display/Documents/Home
DPC Tech Report on preserving social media	YES	http://www.dpconline.org/advice/technology-watch-reports
DPC Metadata event	YES	http://www.dpconline.org/newsroom/not-so-new/1556-priority-registration-now-open-for-dpc-members-to-attend-practical-preservation-and-people-briefing-day-belfast-31215
Shared file format assessments	YES	http://wiki.dpconline.org/index.php?title=File_Format_Assessment_Plans
More tool deployment, evaluation awareness	YES	Preformaproject: http://opensourceworkshop.preforma-project.eu/
veraPDF development	YES	http://verapdf.org/software/
Automatic integration of pres., man., access systems	NO	
Jhove development through OPF stewardship	YES	https://github.com/openpreserve/jhove
Results of Training needs survey by DPC	YES	https://dart.blogs.ulcc.ac.uk/2016/02/10/2015-digital-preservation-training-needs-survey-what-we-learned-so-far/
Shared examples of digital preservation advocacy	YES	Vint Cerf's speeches at for example Web Archiving Conference of IIPC in Reykjavik; Lost web archives problem for American legal cases (article)
DPC / NESTOR / NCDD / OPF Relationships	YES	NCDD collaboration http://www.ncdd.nl/en/collaboration/international/ , OPF this year signed a MoU with nestor http://openpreservation.org/about/alliances/
DPC Digital preservation awards	YES	http://www.dpconline.org/advocacy/awards/2016-digital-preservation-awards
New DPC Training Programme and Handbook	YES	http://handbook.dpconline.org/institutional-strategies/staff-training-and-development
Full launch of the DPC Training Programme and Handbook	YES	http://dptp.org/
Second edition of DPC Handbook	YES	http://handbook.dpconline.org/
OAIS review	YES	http://wiki.dpconline.org/index.php?title=OAIS_Community_and_the_official_site_at_http://review.oais.info
Collaboration in the open source software domain	YES	http://opensourceworkshop.preforma-project.eu/programme/

#nextyear #ipres2016 (2016-2017)

During the iPRES 2016 conference we will ask participants to make suggestions for what should happen #nextyear (2016-2017) in digital preservation. We offer two ways to contribute: either tweeting using the hashtags #nextyear #ipres2016 or writing the suggestion on the provided card at the conference and putting it into the #nextyear box. The organisers of iPRES 2017 can then track what actually happens in digital preservation over the next year.
